

## **Mission Objective:**

*Agreed on the 25th of January, 2020, The adventuring group (the Xterminators) will have a 'Mission Objective' statement preceding the articles in their Concordium.*

*A mission statement is a short statement of why an organization exists, what its overall goals are, identifying the goals of its operations, the organization's values and/or its philosophies. It should serve to guide, define and exemplify those values and goals which best describe the members of the group and their combined values as an organization.*

**Here is the agreed upon Mission Statement of the Xterminators:**

*“To redistribute the ill-gotten gains of evil, recover treasures lost to the darkest corners of the world, and to stop any who would interfere with the freedom and peace of the peoples of Faérun.”*
