

Garreck Palegold

Born Dunspeirrin, Darklands

Unsure of mother's clan, da wouldn't talk about it. Explanation for my looks? Research hasn't yielded any information, but finding knowledge of duergar above ground is a feat, much less specifics.

Da was a smith to Clan Ridaugaur and King Olorn.

The Voice:

Heard a voice on the trip up from Underdark with da. Was in a sack, couldn't see. Too beautiful to be a duergar or a gnome. Too kind to be a drow. Still would have been too deep for many surface races. No available explanation.

Hillsfar Connection:

When we got enslaved, they figured out right quick da's skillset. Happened right quick. Almost like they were waiting for us. Paranoia or truth?

Family:

Haven't heard much of him since I left. Keep an ear out to caravans, but info is scarce.

If it's scarce for my da, it's nonexistent for my mother, especially without even a name to go by. Just the wife of a smith to Clan Ridaugaur.
