

LAST WILL AND TESTAMENT

Septev 28, 1008

Thrush Daergel

Member of the Xterminators of Whillp

I, Thrush Daergel

Being of sound mind and body, hereby state that upon my death, one tenth of my share of any loot earned at the time of my death, shall be granted to the Whillip Orphanage. Any land holdings that I have claim to will be dedeed (in equal parts) to any other owners of the land. If there is no other land owner(s), the Land shall be dedeed to the local church or temple of a deity of nature (which church or temple being the decision of Phulleigh or my accountant (in that order)). All items in my possession will go to my companions at the time of my death.

I do not wish to be brought back to life. I ask that my mortal remains be burned, and the ashes added to the tree supporting my tree house in Whillip.

If I have any debts as per my accountant in Whillip, please set that money aside first.

I ask that upon my death, a letter be sent to my childhood friend in The City of Coin (Athkatla) in Amn, explaining all the days that can be accounted for as an adventurer until the time of my death, explaining where my tree (and tree house) resides in Whillip and to say farewell for me.

Signed,
